

Article 39 - You have the right to help if you have been hurt, neglected or badly treated.

Online Safety

You may be aware of the media coverage of a video popping up over the internet which may be seen by children. The video is called 'Momo' and seems to be promoting self-harm. Reliable news sources are reporting that this is a hoax. I would however encourage you to continue to be aware of what your children are viewing and report to the social media platform itself if you see anything that is concerning.

Also we are concerned that some children as young as reception may be playing Fortnite. This game is for children aged 13+ and should not be watched or played by younger children.

National Online Safety

Please also visit the National Online Safety website, whose mission is to make the internet a safer place for children.

Important Notice— Nut Allergies

Just to remind parents and carers that Franciscan School has a number of students with peanut and nut allergies. In some cases an allergic reaction resulting in anaphylaxis can be life threatening and in many cases the reaction is rapid in onset. For some students an allergic reaction can be triggered by the smell of peanuts/nuts or by contact with the residue which may be left on door handles, class equipment, water fountains and so on. Please ensure that children do not bring any food item containing peanuts or nuts to school for packed lunches, snacks or treats for birthdays, class parties or similar events.
